WORK EXPERIENCE

Senior Modern Workplace Engineer

Pernod Ricard Group / 2022 - Present

Orchestrating the Digital Workplace strategy for 24,000 users & 20,000 devices across 200+ global brands.

Driving the shift to Modern Management (Intune, Autopilot, Azure AD) and enforcing Zero Trust security architectures.

Enhancing Digital Employee Experience (DEX) while standardizing diverse legacy environments into a unified global tenant.

Leveraging Vibe Coding & AI-assisted development to automate complex workflows (PowerShell/Graph API).

Lead Technical Administrator

MMPJ / 2015 - 2022

Designed a resilient workstation imaging ecosystem from scratch to align Asian, American, and European subsidiaries.

Managed complex IT Change Control procedures for critical technology rollouts in a highly regulated environment.

Provided Expert L3 Support and maintained 99.96% High Availability on local infrastructure.

Infra Support / SysAdmin

Mumm Perrier-Jouët / 2006 - 2015

Led migrations to new group standards and managed OT integration during transitions.
